

# Safety Services

Lofton knows how critical safety is to a successful operation. To that end, Lofton Safety Services has the ability to evaluate and establish effective safety systems that will keep both employees and your workplace free from on-the-job mishaps.

## How It Works

Safety is the result of careful attention to all operations by those who are directly and indirectly involved. Employees at all levels must be diligent in following all safety policies. Our systems are developed with our client's concerns in mind for the well-being of their employees and to assure compliance with federal, state, and local regulations, as well as client rules. It is our obligation to be knowledgeable of the standards and regulations that employees are governed by and to develop effective rules and procedures to keep them safe.

Lofton Safety Services can provide your organization with many years of safety knowledge and experience, including certifications from the U.S. Department of Labor for OSHA and MSHA. Lofton Safety Services can provide your organization with consulting for your safety needs, including:

- OSHA Recordkeeping
- Safety Meetings
- Accident Investigations
- Risk Management
- Specialized Policies and Procedures
- Site Specific Safety Training
- Safety Audits
- Database Management
- Regulatory Compliance

Lofton maintains affiliation with several safety organizations, including: the National Safety Council, Associated Builders & Contractors (ABC), International Associate of Drilling Contractors (IADC) and American Society of Safety Engineers (A.S.S.E.).

## Awards

Lofton Staffing Services received LWCC's 2010 Safest 70 Award, which represents the safest 70 companies out of approximately 22,000 companies that have policies with LWCC, Louisiana Workers' Compensation Corporation. Companies are recognized based on the effectiveness of their safety efforts in preventing injuries and controlling costs.
